PUBLIC WORKS DEPARTMENT.—BENGAL.

DISTRICT ROAD FUND..

NOTIFICATION.

No. 162.

*The 6th May 1875.*

UNDER Section 89 of Act X of 1871, the following annual accounts and reports of the District Road Committees of Cuttack, Poree, and Balasore, of works done and in progress during the past cess year 1873-74, together with the review thereon by the Commissioner of the Orissa Division, are published for general information.

G. F. E. S. NEILL, Captain, M.A.C.,  
Offy. Ass't. Secy. to the Govt. of Bengal, P. W. D.

No. 492, dated Cuttack, the 2nd December 1874.

From—JOHN BEAVERS, Esq., Collector of Cuttack,  
To—The Commissioner of the Orissa Division.

I HAVE the honor to submit the annual report on local improvements in the Road Cess Department, called for by Government circular No. 51, dated 8th August.

The report is overdue, but I trust the delay will be excused in consideration of the numerous calls on my time during the last few weeks.

The annual accounts and explanations already submitted with my No. 485, dated 12th ultimo, will illustrate the following remarks, and show at a glance what has been the work of the year.

The extra establishment entertained for the preparation of statistical returns will not be a permanent charge on the funds, as the work was of an occasional nature, and will not require to be done again for some years.

Under the head of original works, I have to report the construction of several culverts on the Machgaon road, and the erection of a handsome and substantial iron girder bridge over the Gabri river, at Kendraparab, where the road to Chandbally crosses it. This is justly regarded by the Committee as a very important work, as it removes what has long been a serious obstacle to traffic on one of the principal arteries of the district.

The Chandbally road in the first 15 miles having become uneven and overlaid with sand-stone from the river Mahanuddy, the Committee, acting on the advice of the District Engineer, have commenced a reconstruction of the road, which will remove the inconvenience complained of. The reconstruction is of so thorough a nature as to amount to an original work.

Village roads have been constructed in several parts of the Cuttack, Salepore, Kendraparab, and Jajpore thanas. These works are very petty in their nature, and are confined to the lines of old village paths. Their utility is not to be measured by their extent, however, as often an expenditure of Rs. 100 has sufficed to restore communication where it had become totally impracticable. It is gratifying to be able to report that in some instances native gentlemen have come forward to undertake these works, and their execution has been found to be economical and satisfactory. Baboo Gopal Prasad Mitta, Gatra Charan Ghose, and Nubodh Chandra Das, in the Sydler sub-division, and the members of the Road Cess Branch Committee at Jajpore, have done good service in this respect.

A nursery garden has also been established at Chauliaganj, on a piece of waste land, the property of Government. This garden is irrigated from the Taldunda canal; and a large supply of seeds was received from the Botanical Garden at Howrah. The seeds have come up well, and, together with several hundred seedlings of forest trees indigenous to the district, have been planted out in beds.

The garden now contains about 30,000 young plants. About two miles of avenues have been planted out along the Taldunda road, and plants are sold to other departments. This garden will, it is hoped, soon become self-supporting by the sale of surplus trees, and the roads throughout the district will be lined by avenues, which are much required at present.

Under the head of repairs there is nothing special to notice. Thirteen district roads have been kept in repair during the year, and are in fair order. In a district where there is so much water communication, more roads are hardly requisite.

The Chota Bramhani river at Pultamundi having silted up, much inconvenience was felt, as there is a great deal of boat traffic in that river. The Committee therefore expended a small sum on deepening the shoal, thus enabling boats to pass.

The Chandballi road will, it is feared, always remain a cause of anxiety. Its length, and its liability to be breached in many places, make it a heavy charge on the district funds. It would seem that a work of this magnitude, constituting as it does one of the chief trade and pilgrim routes of Orissa, would more appropriately be dealt with as a provincial work, and the Committee hope that the time is not far distant when the Government may see reason to relieve them of this heavy burden. It is not saying too much to assert that if the whole of the revenues of the Road Cess Committee were devoted to this road alone, they would hardly suffice to keep it in thorough efficiency.

I am glad, in conclusion, to be able to report that many of the members of the District and Branch Committees have heartily co-operated with me, and that the establishment under the Committees has worked excellently during the year.

*Explanatory Notes.*

(a) The figures given in this column have been taken from the revised estimates passed by the Road Cess Committee on the 18th November 1873, and approved of by the Commissioner in his letter No. 885, dated 22nd idem.

(b) These two ferries have been transferred to provincial service from April 1874.

(c) The receipts on this head have exceeded the amount estimated in the budget, because the realizations on account of staging bungalow fees and refunds, &c., happened to be more than what was anticipated.

(D) The extra clerks were appointed to prepare the statistical returns,—*vide* Board's order communicated in Commissioner's letters Nos. 397, 52, and 98, dated 9th December 1873, 6th July 1874, and 29th September 1874, respectively. Supplementary allotment was made for them from the "Reserve," there being no special grants in the budget for it.

(D1) The clerks were appointed to register the road cess chalans in the Tawjih Department under Section 16 of the rules, and paid from the road cess funds, agreeably to Accountant General's order, the amount having been met from the "Reserve."

(E) Rs. 4,686 were provided for in the budget under the head of Miscellaneous, for adjustment of road cess charges incurred from provincial fund, but it has been transferred to these heads agreeably to Controller's No. 2889 of 9th March 1874.

(EI) Accountant-General's order for adjustment of certain items was received after the submission of the budget, which adjustment was made during the year, though not provided for in the budget: hence the excess of Rs. 372-10-6.

(F) Rs. 5,000 were first sanctioned, as per budget estimate, and Rs. 608 transferred from Reserve,—*vide* Commissioner's letter No. 412, dated 19th January 1874.

(H) Rs. 6,450 were sanctioned, as per budget estimate, and Rs. 1,000 added to this sum, as proposed in this office No. 382, dated 19th June last, and sanctioned by the Commissioner in his No. 40, dated 1st July last.

(I) Rs. 500 were sanctioned, as per Commissioner's letter quoted above, but the amount being insufficient, a further sum of Rs. 977-2-3 was expended out of the "Reserve," in anticipation of Commissioner's sanction applied for in this office No. 482, dated 12th instant.

(J) There was no allotment for this road in the budget. Rs. 800 were sanctioned by the Commissioner in his letter No. 40, dated 1st July 1874, and approved of by the Committee.

(K) Rs. 4,700 were sanctioned in the estimate for this road, from which Rs. 1,212 have since been transferred for reconstruction and improvement of the Chandbally road; approved by the Commissioner in his letter No. 93, dated 21st September 1874.

(L) Rs. 3,700 were first sanctioned in the budget, and Rs. 1,268 were received by transfer from Rs. 3,536 placed in the "Reserve," as stated in paragraph 10 of this office letter No. 382, dated 19th June last, and approved of by the Commissioner in his letter No. 48, dated 1st July 1874.

(M) Rs. 1,300 were allotted, as per revised estimate, and Rs. 500 received by transfer,—*vide* Commissioner's letter No. 94, dated 21st September 1874, as stated in note G.

J. ARMSTRONG, C.S., Collector.

ROAD CESS OFFICE, POOREE, the 30th October 1874.

No. 176, dated Pooree, the 30th October 1874.

From—J. S. ARMSTRONG, Esq., Collector of Pooree,  
To—The Commissioner of the Orissa Division, Cuttack.

I HAVE the honor to submit the local improvement report for the cess year ending on 30th September 1874, and the annual return of the Road Cess Department for the same year.

2. The aggregate receipt of the year under the several heads amounted to Rs. 32,853-14-5, viz—

	Rs. A. P.		Rs. A. P.	
Under Controller of Public Works Accounts'		Cess on land	19,666 7 5

	Total	13,159 4 9	Total	32,853 14 5

3. The total expenditure amounted to Rs. 15,986-10-5 at the end of the year. The details of expenditure were as follows:—

	Rs. A. P.	
* This includes Rs. 50 5-0 remitted to Cuttack for the expenditure incurred there in repairing the portion of Phulukhara and Madhab road lying in the district of Pooree.		
Office establishment	2,434 7 7	
Contingencies	672 9 0	
Original works	9,158 11 6	
Repairs	8,031 4 6	
Field establishment	120 0 0	
Repairs and construction of village road	570 0 0	
	Total	15,986 10 5

4. The establishment consisted entirely of clerks and servants employed for the purpose of road cess collection and preparing statistical tables, called for by Government order No. 2400 of 22nd August 1873.

5. The original works carried out during the year under report are as follows:—

- (1) Remodelling Khoordah and Pipli Road.
- (2) Constructing road from Bolganj to Banpore.
- (3) Remodelling and repairing the Satyabadi bridge.

(a) *Remodelling the road from Khoordah to Pipli, 14 miles.*—This road was originally constructed out of the district road fund, and owing to its importance, it was subsequently made over to the Public Works Department. It was constructed somewhat roughly, and was partially bridged. When the Road Cess Act came into force, this was taken up as one of the local roads, and it was resolved to complete it as a bridged but unmetalled road, and accordingly an estimate for Rs. 9,864 was sanctioned for this work. Nine-tenths of the other work and turfing have been completed, and about half the number of culverts. The Executive Engineer reports that the overseer in charge of the works having been removed in March to the famine districts, and another having died in August last, the work has not made quite so much progress as it would otherwise have done. The flood of August last having also burst the Dyrah river embankment, a considerable breach and damage were made to the first six miles of the road, but this has since been repaired. The Executive Engineer expects to finish the work of this road by the end of May next.

(b) *Construction and completion of the road from Bolganj to Banpore, 3½ miles.*—This work was stopped for several months, owing to a desire to substitute culverts for the numerous causeways and irrigation openings; it was found necessary to leave in the way; but as the expense of constructing bridges was greater than was expected, it was determined to finish the road as originally sanctioned, and accordingly the stone collected for metalling the sloped water channel has been spread, and the work has been completed.

(c) An old bridge crossing the local road leading to Satyabadi had partially given way, and very great inconvenience was in consequence felt by the passengers and numberless pilgrims who frequently pass by that road. It was therefore resolved by the Road Cess Committee to repair and make certain alterations in the old bridge, and the work was accordingly taken up.

The amount expended to the end of the year amounts to Rs. 1,814. It is nearly completed; there remain now the parapets and some revetment work to be done, which will be finished by the end of 1874.

6. The following roads have been completely repaired during the year under review. The amount incurred in repairing each of them is set forth against each item:—

	Rs. A. P.
1. Khoordah and Kantillo road	1,542 3 7
2. Baghmar and Bolgar road	656 8 11
3. Baghmar and Madhab road	696 0 8
4. Dolang bridge	288 7 3

7. Some lines of country have been surveyed with a view to ascertaining the best route to be adopted when it is required to frame estimate for new roads with funds which may hereafter be available for the same. The details of the surveys made are given in the appended list.

8. The sum expended in the village road works undertaken this year amounts to Rs. 570. Of this sum Rs. 70 were expended in repairing the under-mentioned roads at the cost noted against each, and Rs. 500 were paid to the Sub-Committee of Khoordah for repairing the following roads, viz —

		Rs. A. P.
1	Fakirpara village road, pergunnah Koithdes	50 0 0

4. In the Cuttack district the Collector's report is complete, with the exception of the information required regarding works proposed to be done during 1874-75. This has been remedied in my office, and extract from the estimates for 1874-75, as passed and approved, is appended. The unexpended balance in hand is considerable, and will supplement the assets for 1874-75. I shall expect that the ensuing year's estimates will be worked up to

5. District and Sub-Divisional Committees have given constant and careful attention to business, and have been judiciously presided over by magisterial officers. The assistance afforded by several zemindars in the construction of village roads is very encouraging.

6. In the Pooree district also, there is a very considerable unexpended balance. I trust this will not be allowed to recur. The Magistrate's report and statement are complete.

7. The Committee at head-quarters have met regularly, and have been precise and efficient in the conduct of business.

8. In Khorda the Committee does not appear to have been sufficiently consulted by the sub-divisional officer, though the list of works in hand during the year appears to have been for the most part completed. It is important that Sub-Divisional Sub-Committees should be constantly consulted and led to take interest in local improvements.

9. The Balasore district report is exceedingly meagre, though the year's estimate has been better worked up to than in Cuttack or Poores. The unexpended balance is Rs. 3,086-10-1.

10. No original works were undertaken, and the expenditure shown under that head was for acquisition of land. I have ascertained that repairs were efficiently carried out on 21

district roads, and Rs. 412-4-0 was expended on village roads.

11. I shall in future years hope to see a larger amount devoted to village roads, so that the people may see works for which they pay cross brought as much as possible to their doors.

12. The Balasore Committees have worked efficiently, and given attention to, and taken interest in, business brought before them.
